Good Morning Mr. Sleeper,

I have been made aware that the House Tax Policy Committee is scheduled to take up HB 4362 on Wednesday, February 14th at 10:30 a.m. This bill, sponsored by Rep. Yaroch, would require the state to reimburse local taxing units prospectively for the state's portion of taxes created by the disabled veterans property tax exemption vs the current practice of local units bearing the entire loss based on state policy.

The lost property tax revenue as a result of the current policy has had a significant negative impact on the City of Ironwood. The City of Ironwood supports HB 4362. Please submit this email of support as part of the committee record.

Thank you,

**Paul Linn, CPFA, MiCPT, CPFIM**  
**Finance Director/Treasurer**
